

Course description for the FAME Master Program

Advanced Hybrid Materials and Ceramics by Design

University of Bordeaux

Course description (Semester 3) 30 ECTS*

*ECTS: European Credit Transfer System

Compulsory Courses 24 ECTS*

- Nanomaterials and Hybrids 6 ECTS
- Photonics 6 ECTS
- Dielectric Materials 3 ECTS
- Magnetic Materials 3 ECTS
- Bibliographic Project 6 ECTS

Elective courses 6 ECTS

(2 modules to choose among the following)

- Large Scale Facilities 3 ECTS
- Organic Electronics 3 ECTS
- Applied Nanosciences 3 ECTS
